

## Project-based tool rental ordering guide

### Tile Flooring

At Toolio, we remove the guesswork from project prep. Every bundle is designed to save you money across the full tool list—not just the big-ticket items.

We believe in transparency, so you'll find each bundle broken down with model numbers and why each item matters.

That said, you don't need to study the details—we've already done the research so you don't have to.

Our goal is simple: equip you for success. That means including not only the obvious tools, but also the specialty items that speed up work, improve finish quality, and cover the surprises you might not anticipate.

#### How ordering works:

##### Comprehensive – Our flagship package.

Every tool you'll need, even for the unexpected. Backed by our guarantee: if you're missing something, we'll deliver it same-day at no cost.

We count # of successful projects - not just # of tools rented

##### Essentials – The core set of tools for a project.

With this package, we assume you own common household / DIY items like extension cords, water hoses, power drills, and safety gear.

**Advanced** - Specialized tools that are rarely worth buying but make a big difference in speed and results.

Each level builds on the one below: Advanced → Essentials → Comprehensive.

All products follow our similarity policy: if we substitute, it's always for equal or better performance. Standard/commodity items (like liners or screws) may vary by vendor, but function is identical.

At Toolio, we don't measure success by the number of tools rented—we measure it by the number of projects finished right.

Package	Product	Variation	Model(s)	Details & Usage
Advanced	Diamond Hole Saw Kit: Bits, Centering Mount, Water Flow	-	Rubi 51919	Cuts clean, precise holes in tile for plumbing or electrical fixtures; water feed reduces heat and dust.
	Leveling Laser	-	DeWalt DW089K	Projects straight, level reference lines across the workspace for accurate tile alignment.
	Shop Vac	16 gal	Rigid 1610RV	Removes dust, debris, and water from the work area for a clean, safe surface.
	Mortar & Grout Power Mixer	With Paddle	Rubi 24949	Quickly and evenly mixes mortar or grout to the correct consistency.
	Oscillating Multi-tool	-	DeWalt DCS354B	Versatile tool for cutting, sanding, or grinding in tight or awkward spaces.
	Tile Saw (Wet saw)	-	DeWalt D36000	Makes precise straight or angled cuts in tile; water cooling reduces dust and blade wear.
	Reekon T1 Tape Measure	-	Reekon T1 Tomahawk	Digital or smart tape for precise, quick measurements with advanced readout features.
	Wood Moisture Meter	-	General Tools MMD4E	Measures moisture content in wood subfloors to ensure they're within safe limits before tiling.
	Angle Grinder - 4-1/2"	-	DeWalt DWE402	For powering a variety of tasks
	Manual Tile Cutter	21"	QEP 10221Q	Scores and snaps ceramic or porcelain tiles for clean, straight cuts without power tools.
	Respirator	-	3M Paint Project Reusable Respirator 6211 (OV/P95, Medium)	Protects against concrete and aggregate dust during removal of tile flooring. Used for extra layer of personal protection when cutting and finishing tile materials.

Package	Product	Variation	Model(s)	Details & Usage
Essentials	Angle Grinder Wheel - 4-1/2"	4-1/2" - Concrete grinder	Diablo	For leveling or smoothing high spots in a concrete subfloor before laying tile, ensuring a flat, stable base
		4-1/2" - Diamond polishing pad	Diablo	Used after cutting or shaping stone or porcelain tiles to smooth edges and give them a clean, finished look
		4-1/2" - Grinding cone	Diablo	Ideal for enlarging or shaping holes in tile (e.g., around pipes or fixtures) and for smoothing inside curves.
		4-1/2" - Tile cutter	Diablo	Designed for precision cutting or trimming of ceramic and porcelain tiles where a wet saw isn't practical.
		4-1/2" - Wire brush	Diablo	For cleaning old mortar, adhesive, or rust from surfaces and tools before starting or between project stages.
	Bucket - 5 gal	-	Standard / Commodity	Mixes thinset, grout, or cleaning solutions; also used for carrying water to the work zone. (5) buckets are needed for a typical project to handle water, mixtures of thinset, and grout.
	Bucket Liner - 5gal	-	Standard / Commodity	Keeps the bucket clean when mixing materials, making cleanup faster and preventing cross-contamination.
	Bucket Scoop	-	Standard / Commodity	For transferring mixed thinset or grout from the bucket to your trowel without mess or waste.
	Diamond Polishing Blocks Standard - (4) blocks	-	Standard / Commodity	Hand-smooths and polishes tile edges after cutting to remove sharpness and improve finish.
	Hammer - Framing	-	Standard / Commodity	Drives nails or stakes for temporary supports or demolition of old flooring.
	Hammer - Light	-	Standard / Commodity	Handles lighter fastening or tapping tasks without damaging materials.
	Knee pads	-	Standard / Commodity	Cushions and protects knees during extended periods of floor work.
	Grouting, Cleaning and Washing Sponge	Large - 3-Pack	Standard / Commodity	Wipes away grout haze and smooths joints during installation.
	Grout brush	-	Rubi Tools	Scrubs grout lines during cleaning or maintenance to remove haze and residue.
	Grout Float	Grout Float - Large - 12"	Rubi Tools	Spreads grout evenly into joints between tiles and removes excess from the surface. Used for general grouting.
		Grout Float - Med - 8"	Rubi Tools	Spreads grout evenly into joints between tiles and removes excess from the surface. Used for smaller open areas.
		Grout Float - Small - Margin Float	Rubi Tools	Spreads grout evenly into joints between tiles and removes excess from the surface. Used for tight spaces.
	Margin Trowel	-	Rubi Tools	Scoops, spreads, and applies mortar or grout in tight spaces or small batches.
	Measuring Pitcher - 1 gal	-	Standard / Commodity	Measures and pours precise amounts of water or liquid additives for mixing.
	Multi-tool oscillating blade	Wood - fine	DeWalt	Cuts wood trim, door jams, or other obstacles for tile clearance.
	Rubber mallet - Large		Standard / Commodity	Taps tiles into place without chipping or cracking them.
	Thinset Trowel	1/4" - Square notch	Rubi Tools	Spreads thinset mortar evenly with notched edges to ensure proper tile adhesion. 1/4" used for small tiles and underlayments.
		3/8" - Square notch	Rubi Tools	Spreads thinset mortar evenly with notched edges to ensure proper tile adhesion. 3/8" used for tiles up to 16" longest side.
		1/2" - Square notch	Rubi Tools	Spreads thinset mortar evenly with notched edges to ensure proper tile adhesion. 1/2" used for large-format tile with side length > 16"
	Tile nippers - 11.5"	-	Rubi Tools	Trims small sections or shapes from tiles, especially for irregular cuts.
	Tile puck	-	Tavy Tile Puck	Checks for lippage (uneven tile edges) and surface flatness after installation.
	Tile suction cup	-	Rubi Tools	Lifts and positions large or heavy tiles without damaging the surface.
	Tooth brush	-	Standard / Commodity	Cleans grout lines, corners, or small crevices during finishing or maintenance.

Package	Product	Variation	Model(s)	Details & Usage
Comprehensive	Broom & Dustpan	-	Standard / Commodity	For sweeping up dust, tile chips, and debris during prep and cleanup to keep the work area safe and tidy.
	Carpenter Pencils (2)	-	Standard / Commodity	Marks cut lines on tile, backer board, or layout surfaces; flat shape prevents rolling away
	Caulk Gun - 10-oz	-	Standard / Commodity	Applies caulk or sealant evenly along joints, edges, and expansion gaps.
	Caulk Removal & Finishing Tool	-	Homax Caulk Finishing Set	Removes old caulk cleanly and shapes new beads for a smooth, professional finish
	Caution Tape - (25ft)	-	Standard / Commodity	Marks off the work area to keep others out and prevent accidental entry during installation.
	Chalk line	-	DEWALT Atomic Chalk Reel with Blue Chalk	Snap straight, visible layout lines on floors or walls to guide tile placement
	Compass scribe	-	Milescraft ScribeTec	Transfers exact shapes or curves from walls, pipes, or fixtures onto tiles for precise cuts.
	Contour gauge	-	General Tools 10in	Captures and replicates irregular profiles (e.g., trim, door frames) so tiles fit perfectly around them.
	Contractor trash bags 42gal (qty 5)	-	Standard / Commodity	Heavy-duty bags for disposing of broken tile, packaging, and other jobsite waste.
	Degreasing Cleaner	-	Simple Green	Removes grease, grime, or residue from the subfloor so adhesives bond properly
	Do not walk sign	-	Standard / Commodity	Placed over freshly set tile or grout to prevent damage before curing is complete.
	Drop Cloth	4ft x 8ft	Standard / Commodity	Protects floors, furniture, or nearby surfaces from dust, debris, and splashes during cutting, mixing, or grouting.
	Ear protection	-	Standard / Commodity	Shields hearing from prolonged exposure to loud tools like grinders, drills, or mixers.
	Extension cord - 50ft	-	Standard / Commodity	Provides power to tools when outlets are far from the work area.
	Face Mask - Disposable - N95	-	Standard / Commodity	Filters dust from cutting, grinding, or mixing materials to protect lungs.
	Foam board (Cutting backer): 2in x 2ft x 2ft	-	Standard / Commodity	Serves as a safe, stable surface for cutting tiles without damaging floors or blades.
	Level	Level - 12" - Torpedo	Stanley FatMax	Checks that tiles, lines, and surfaces are perfectly horizontal or vertical. 12" used for tile-to-tile fitting in tight areas.
		Level - 24"	Stanley FatMax	Checks that tiles, lines, and surfaces are perfectly horizontal or vertical. 24" used for tile-to-tile fitting
		Level - 72"	Stanley FatMax	Checks that tiles, lines, and surfaces are perfectly horizontal or vertical. 72" used for checking substrate flatness
	Nitrile Gloves	-	Standard / Commodity	Protects hands from chemicals, adhesives, and sharp edges while maintaining dexterity.
	Painters Tape - 2"	-	Standard / Commodity	Masks edges or marks layout lines without leaving residue.
	Permanent Marker (2)	-	Standard / Commodity	Marks cut lines, measurements, or reference points on tile or backer board.
	Portable work bench	-	Standard / Commodity	Provides a stable, elevated surface for cutting, measuring, or assembling materials.
	Portable work light	-	Standard / Commodity	Illuminates the workspace for accuracy and safety in low-light conditions.
	Power Drill	-	DEWALT DCD771C2 20V MAX	Drills holes for anchors, screws, or specialty bits like diamond hole saws.
	Putty Knife - 3"	-	Standard / Commodity	Scrapes away old adhesive, grout, or debris; can also apply patching compounds in small areas.
	Rubber gloves	-	Standard / Commodity	Protects hands from moisture, chemicals, and grout/mortar during mixing and cleanup.
	Safety Glasses	-	Standard / Commodity	Shields eyes from dust, chips, and debris during cutting, grinding, or demolition.
	Screwdriver bit set - general	-	Standard / Commodity	Fits a variety of screw types for fastening or removing hardware during prep or install.
	Speed Square - 7"	-	7 in. Laser Etched Aluminum Rafter Square	Marks straight or angled cuts and checks squareness during layout.
	Speed Square - 12"	-	12 in. Laser Etched Aluminum Rafter Square	Marks straight or angled cuts and checks squareness during layout.
	Tape measure	-	Stanley FatMax	Standard measuring tool for layout, spacing, and verifying cuts.
	Timer	-	Standard / Commodity	Tracks set times for mortar, grout, or adhesive curing to avoid premature handling.
	Trash can - 44 gal	-	Standard / Commodity	Large-capacity container for heavy demolition debris or bulk waste.
	Trim/baseboard Pry Tool	-	Zenith Trim Puller	Removes trim or baseboards cleanly for tile installation without wall damage.
	Utility Knife	-	Standard / Commodity	Cuts underlayment, packaging, or soft materials; scores backer board or foam.
	Water Hose	-	Standard / Commodity	Supplies water for wet saws, cleaning, or mixing on-site.
	Wax pencil	-	Standard / Commodity	Marks cut lines on tile or other smooth surfaces; resists smudging during work.
